Eco-Koil

Biodegradable A/C Coil Cleaner

Cleans Evaporator and Condenser Coils

CAUTION: May irritate eyes and skin.

For professional use only. Keep out of reach of children. See additional caution on side panel.

NET CONT. 1 U.S. Gal. (3.785 L)

Safely cleans evaporators and condensers without potential damage to the equipment, personnel, or the environment. Unlike strong acid or highly alkaline cleaners that attack metal, this product attacks only the dirt build up and leaves metal surfaces clean and free of corrosion.

*Improves Indoor Air Quality
Reduces Power Consumption*

Removes: Mold, Dust, Soot, Greasy Residue, Lint & Other Particulate

APPLICATION:

EVAPORATOR COILS: Dilute with 8 parts water (1 pint per gal. Water)

Window and Small Central Units: Shut system off, spray coil thoroughly using coarse spray, wait 5 minutes and resume normal operation. No rinsing required.

Commercial Systems/Air Handling Units: If Possible, leave air flow on during application, suction of system will cause complete coil penetration. Spray intake side of coil until saturated to the run-off point. Refuse and contamination will drain as condensate. If it is not possible to leave the air flow on during application, spray coil thoroughly and turn air flow on immediately after application. No rinsing required.

AIR COOLED CONDENSERS: Dilute with 4 parts water (1 qt. Per gal. Water)

Shut system off. (Useful tip: cleaning is more effective if condenser is still warm from use) Spray condenser thoroughly with a coarse spray, be sure to cover all surfaces to be cleaned. Allow chemical to react for 5 or 10 minutes and rinse away dirt and contamination with garden hose using as much pressure as possible. A hose-end spray nozzle is ideal for rinsing. Rinse water is not haz-

ardous and will not harm surrounding plants, roots or other nearby equipment.

This product does not contain any chemical subject to the reporting requirements of Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40CFR Part 372.

CAUTION

Contains Sodium Metasilicate. KEEP OUT OF CHILDREN'S REACH. Avoid excessive skin contact. Do not take internally. Read SDS for more information.

FIRST AID

EYES: Immediately flush thoroughly with water holding eyelids open. Remove contact lenses and continue flushing for at least fifteen minutes. Consult a physician. **SKIN:** Wash thoroughly with soap and water. If irritation persists, consult a physician. **INGESTION:** Do not induce vomiting. Give several glasses of water or milk and consult a physician.

Contains [CAS]: Sodium Metasilicate [6834-92-0], Surfactant [26027-38-3, 2], Propanol, 1-(2-Methoxy-1-Methylethoxy) [34590-94-8], Water [7732-18-5].

See Material Safety Data Sheet for complete safety information.
CONTAINS NO OZONE DEPLETING CHEMICALS!
