

# Quick Melt

Product Information

1277014

## DESCRIPTION

**Quick Melt** is an advanced salt-based liquid ice melt. This advanced potassium acetate salt-based liquid penetrates quickly to dissolve frost, snow and ice accumulations from a wide variety of surfaces. It can also be used as a pre-treat up to 12 hours prior to storms to prevent accumulation. Its melting action does not generate any heat; it is non-corrosive and will not cause damage to surfaces or leave a residue; and it is non-burning to surrounding grass areas.

**Quick Melt** meets the requirements of "AMS 1435B Fluid, Generic, Deicing / Anti-Icing for Runways and Taxiways", making it an ideal solution for airport ice management on runways and taxiways and helipads.

## FEATURES AND BENEFITS

- Prevents build-up of ice and snow
- Ideal Alternative to harmful de-icing pellets
- Contains corrosive inhibitors
- Biodegradable

**HARPER  
SUPPLY**

7924 Camp Bowie West Blvd. • Fort Worth, TX 76116

## PHYSICAL CHARACTERISTICS

Appearance	Hazy Colorless Liquid
Odor	None
pH	10.0-11.0
Specific Gravity	1.28
Flash Point	>200° F
Evaporation Rate	N/D
Solubility in Water	Complete
Stability	Stable

## MARKETS

Medical Facilities	Nursing Homes
Government	Resorts
Commercial Buildings	Air Ports
Cruise Ships	Hotels
Industrial Areas Residential	Air Conditioning
Schools	And More!

## DIRECTIONS

**Quick Melt** Complete directions on product label

**Anti-icing:** Approximately 0.5gallons per 1000 square feet

**Deicing thin layers of ice:** Approximately 1 gallon per 1000 square feet.

More product will be required to melt heavier layers.

*FOR PROFESSIONAL USE ONLY*
