

Urinal Flush

Product Information
2056112

DESCRIPTION

Urinal Flush is a ready to use urinal and toilet bowl cleaner. **Urinal Flush** safely and effectively attacks and dissolves calcium and uric salt encrustation from the inside of urinals and toilet bowls that tend to coat inner piping and debris, contributing to drain plugging.

PERFORMANCE BENEFITS

- Powerfully removes heavy uric salt scale, mineral deposits and other tough build-ups from urinal surfaces.
- Ready-to-Use product, requires no mixing or measuring.
- Heavy clinging formula which allows for longer contact time and maximum penetration of tough build-up.

APPLICATIONS

Urinals

PHYSICAL CHARACTERISTICS

Appearance	Clear Liquid
Odor	Characteristic
pH	0-1
Specific Gravity	1.07
Solubility in Water	Soluble
Stability	Under normal conditions
Boiling Point	>212°F (>100°C)

Restaurants	Shopping Malls
Hospitals	Casinos
Apartments	Nursing Homes
Prisons	Stadiums
Public Restrooms	Industrial Plants
Recreational Facilities	And More!

DIRECTIONS

To clean and deodorize urinals: Hold swab over urinal and saturated swab with bowl cleaner. Swab all surfaces of urinal including water outlets at tip and all grooves. Remove screen and pour three to five ounces of **Urinal Flush** in and around drainpipe. Let stand for approximately, 3 to 4 minutes. Swab drain well. Replace screen. Flush and rinse mop.

To descale urinals: Remove screen and pour four to eight ounces of **Urinal Flush**
