

BioLive Gel

Product Information

6144012

DESCRIPTION

BioLive Gel is a highly concentrated bacterial gel that digests grease buildup that accumulates over time. Regular application also controls foul odors by inhibiting the biological production of odor causing compounds such as hydrogen sulfide and rancid fatty acids that result from septic or anaerobic environments.

DIRECTIONS

General Use: Can be used in restrooms and kitchens as a drain and grease trap treatment.

Sink Drains: 4oz. Twice weekly. Vary amount and frequency according to usage and size of drain.

Grease Traps: Initial treatment-pour 1qt into opening closest to trap, prior to its longest non-use period. For maintenance purposes, use 4oz daily (Large traps may require more).

PHYSICAL CHARACTERISTICS

Appearance	Thick Gel
Odor	Apple Blossom
pH	6-7
Specific Gravity	1.0
Stability	Stable
Flammability	N/A
Vapor Pressure	N/A
Boiling Point	>212°F
Flash Point	>385°F
Solubility in Water	Soluble
