

Bright Clean

Product Information

2616041

DESCRIPTION

Bright Clean is a blend of organic detergents, alkaline builders and water soluble solvents designed to provide fast and effective cleaning of refrigeration coils on air conditioning and refrigeration equipment. It is fully rust inhibited and safe for cleaning on metal surfaces.

Bright Clean removes dust, dirt, grime, grease and oxidation from aluminum or copper coils and fins of cooling units and air conditioners. Use it regularly to clean the coils for more efficient operation and lower power consumption.

For use by professionals only. Contains no acids, no carbon tetrachloride, no naphthas, no chlorinated solvents, or benzene. Removes heavy deposits of oxidized waxes, greases, baked-on carbons, soot, gums, resins, oils, carbon deposits, dye, scum and inks.

PHYSICAL CHARACTERISTICS

Appearance	Liquid
Odor	Citrus
pH	13-14
Specific Gravity	1.07
Flash Point	>385° F
Boiling Point	>212°F

MARKETS

Medical Facilities	Nursing Homes
Government	Commercial
Buildings	Cruise Ships
Air Ports	Industrial Areas
Hotels	Resorts
Schools	And More!

DIRECTIONS

Bright Clean is intended as a "ready to use" product. It can be diluted with water if conditions do not merit a stronger cleaner.

FOR HEAVY DEPOSITS: Spray **Bright Clean** directly on the coils surfaces until the dirt and chemical solution runs off. **Bright Clean** is a highly foaming product. The foam will hang onto the surface and continue to clean. It can be rinsed from the coils or it will self neutralize as the coils start to condensate when the unit is placed back into service.

FOR PROFESSIONAL USE ONLY
