

# Gone O2

Product Information

2310041

## DESCRIPTION

**Gone O2** is a proprietary blend of low foaming surfactant, organic acids, water conditioning agents and optical brighteners. It is a highly effective cleaner designed to aggressively clean all carpet types without harming the fabric or any stain resistant properties that may exist. **Gone O2** can be used with all hot and cold water extraction equipment. It's mild pH insures compatibility with all carpeting, fabric and cleaning equipment.

The carpet or furniture to be cleaned should always be vacuumed and free of debris before extraction to avoid causing further stains.

## Benefits

- Low Foaming
- Can be used in a machine
- Hot or cold water extraction

## DIRECTIONS

**Gone O2** can be diluted at a rate of 2oz per gallon of water (1:64) **Gone O2** can also be used as a pre-spray for all traffic areas. To use this product as a pre-spray, dilute anywhere from 2 to 6 ounces per gallon depending on the amount of soil in the traffic areas. If traffic areas are heavily soiled you should use a traffic pre-spray.

**Gone O2** can also be used as a bonnet cleaning solution at 2oz per gallon.

FOR PROFESSIONAL USE ONLY
